Credit Card Authorization

For those individuals that are not children of a current member a credit card must be kept on file for any incidental charges that accrue while a junior member. This would be for any pushcart, or cart charges when riding with another full member. Charges will be billed monthly to your credit card.

I realize I have the option to have the club automatically charge my credit card that I provide below each month for all dues, fees and charges for services, food, beverage and merchandise. I understand that if any such amounts are not paid by the credit card for any reason, I will promptly pay such amounts directly in accordance with the Membership Plan or else forfeit any and all rights provided to me by the Club's Membership Plan.

There will be an additional 2% convenience fee added to the total balance for automatic payments in addition to payments processed through the accounting department upon request.

I wish to have VNCC automatically charge my credit card each month for all applicable charges

Yes_____ No_____

If I choose no, I realize that I still must provide VNCC with an active credit card number, in the event that my account runs past due, in which VNCC is authorized to bill card provided to receive Payment.
